RE: HPRS Employee Retirement Contribution

Dear Director Murnieks:

The passage of Substitute Senate Bill 345 in 2012 granted the Highway Patrol Retirement System (HPRS) Board of Trustees the authority to change the active employee retirement contribution within the range of 10% - 14%. At its October 17, 2019 meeting, the Board approved increasing the contribution rate to **14%** for 2020.

The employer contribution rate of 26.5% will remain the same in 2020.

Please contact me if you have any questions or need further information.

Sincerely,

Mark R. Atkeson
Executive Director
