## Ohio Public Employees Retirement System

---

March 1, 2014

Governor John Kasich  
77 South High Street, 30th floor  
Columbus, Ohio 43215-6108

Re: 2013 Disability Report

Dear Governor Kasich:

The Ohio Public Employees Retirement System (OPERS) respectfully submits the 2013 OPERS Disability Report to you, as required pursuant to Section 145.351 of the Ohio Revised Code. OPERS provides a comprehensive retirement package for Ohio public employees. Our membership includes more than 355,000 active workers, over 475,000 inactive members and more than 200,000 benefit recipients representing over 1 million members. The retirement program offered by OPERS assists public employers in attracting and retaining quality workers who perform essential public services.

OPERS is the retirement system for public employees, including all state and local government employees – ranging from corrections officers to bridge designers, to mechanics, to judges, just to name a few. It was established in law by the Ohio Legislature and pre-dates Social Security. As such, it serves as our members' primary means of retirement, disability and survivor benefits.

The disability program is an important part of the comprehensive OPERS benefit package. Eligible members may qualify for a disability benefit if they are disabled to the extent they are unable to perform the duties of their last public employment position and their condition(s) is expected to last not less than 12 months. In 2013 OPERS paid out more than \$622 million in disability benefits and estimated preliminary figures indicate \$416 million in health care benefits for disabled workers and their dependents.

Since February 2011, OPERS has partnered with Managed Medical Review Organization in strengthening and aligning its standards with industry best practices. As you will see represented in the data below, the number of applications received and approved has declined from 2012 to 2013. At the same time the number of denials and applications determined to be not eligible has increased from 2012 to 2013. These results reflect both the improved process through our third-party administrator and the implementation of legislative changes included in S.B. 343.

*(continued on next page)*

In summary, the disability report shows total activity in 2013 as follows:

- Total applications received: **1,280**
- Total applications approved: **637**
- Total applications denied: **142**
- Total applications not eligible: **97**
- Total applications withdrawn: **14**
- Total applications non-compliant with review process: **4**
- Total applications still in process: **386**
- Total Employees for all employers listed: **201,473**
- Average % of recipients for all employers listed: **0.32%**

Fundamental changes to the disability program were included in the pension legislation passed in 2012 aimed at modernizing the program. The legislative changes included implementation of a case management program that would focus on maximizing a disability benefit recipient's employability through clinical and vocational rehabilitative services.

Under the new law, applications received after Jan. 7, 2013, are reviewed under the "own occupation" standard of disability for the first three years of the benefit. At the end of the third year and thereafter, these members will be evaluated under the "any occupation" standard. If they are engaged in rehabilitative services, we will continue to review the member under an "own occupation" standard up to five years. At the conclusion of year five, a disability recipient will be reevaluated under an "any occupation" standard, regardless of engagement in rehabilitative services. Law enforcement division members were exempted from evaluation under the "any occupation" standard. The legislative changes also included an offset for members who are also eligible to receive Social Security disability benefits. A more detailed summary of the legislative changes to the disability program are part of the supplemental materials included in this report.

Enclosed is a complete disability activity report for 2013 arranged by employer. If you have any questions, please do not hesitate to contact me at 614-222-0011.

Cordially,

A handwritten signature in black ink that reads "Karen E. Carraher".

<b>SUMMARY OF DISABILITY ACTIVITY .....</b>	<b>4</b>
<b>2013 DISABILITY ACTIVITY REPORT - PROCESS AND EMPLOYER DATA .....</b>	<b>7</b>

OPERS members who participate in the Traditional Pension and Combined Plans\* may be eligible for disability benefits under the original plan or the revised plan. Employees who had contributions on deposit with OPERS prior to July 29, 1992, had a one-time opportunity to select coverage under one of these programs. Those employees hired on or after July 29, 1992, are covered only under the revised plan. OPERS members who participate in the Member-Directed Plan\* are not eligible for disability benefits through OPERS. Under the Member-Directed Plan, the vested portion of their individual account would be available through a refund after OPERS-covered employment is terminated.

### Common Features of the Original and Revised Disability Plans

All disability cases are subject to approval by the OPERS Board of Trustees. Once approved, the disability benefit is effective on the first of the month following termination of public service or attainment of eligibility, whichever is later.

*The disability benefit shall terminate if a member:*

- Is no longer disabled;
- Returns to public service as an employee, volunteer with a public employer for more than 10 hours per week and without prior approval from OPERS or under a personal service contract;
- Elects to begin receiving an age and service retirement benefit;
- Upon death; or
- Requests termination of benefits and is found to be no longer disabled.

It is important to note the recent legislation made changes to a member's leave of absence periods in both original and revised plans. OPERS will continue to certify to employers that the member is no longer incapable of returning to work, however it will be at varying times based on the member's application date. All non-law enforcement members who are approved on or after Jan. 7, 2013, automatically will be considered on a leave of absence from their last public employer for the first three years following their benefit effective date. This leave of absence period can be extended up to five years if the member actively engages in rehabilitative services. Members who submitted their applications on or before Jan. 4, 2013, as well as law enforcement members, will be considered on a leave of absence from their last public employer for five years.

When OPERS certifies the member is no longer disabled, an employer should restore the member to the previous, or similar, position and salary unless he/she was dismissed or resigned in lieu of dismissal for dishonesty, misfeasance, malfeasance or conviction of a felony.

Members who return to public service and contribute to the Traditional Pension Plan for two years will receive service credit for the period of time a disability benefit was received, up to a maximum of five years.

Undertaking employment with a private sector employer may affect continuing receipt of a disability benefit. Recipients should contact OPERS for an official determination regarding their intent to seek employment in the private sector. Those looking to work in the private sector are encouraged to submit a *Request for Review of Employment from a Disability Benefit Recipient* form (DR-2) and include a job description for the position they wish to undertake. OPERS will in turn notify the member if the requested position will impact continued receipt of disability benefits.

Health care coverage is effective the first of the month following the OPERS Board's approval of the application, provided public service has terminated.

An annual cost-of-living adjustment is paid to members receiving disability benefits.

---

\* OPERS offers eligible members a choice of three retirement plans—the Traditional Pension Plan (a defined benefit plan), the Member-Directed Plan (a defined contribution plan), and the Combined Plan (a hybrid defined benefit/defined contribution plan).

## COMMON FEATURES OF THE ORIGINAL AND REVISED DISABILITY PLANS

### Original Plan – Disability Program Features

#### Eligibility

To be eligible for benefits under the original disability program, members must have had contributions on deposit prior to July 29, 1992. For members in the law enforcement and public safety divisions of the Traditional Pension Plan who become disabled due to an on-duty illness or injury, disability coverage is available immediately after membership is established.

*Eligibility requirements include:*

- Participation in the Traditional Pension or Combined Plan.
- At least 60 contributing months in the plan in which they are participating.
- Removal from payroll due to a presumably permanent disabling condition, either mental or physical, which prevents members from performing their job.
- No more than two years have passed since contributing service has terminated, unless at the end of the two-year period the member was disabled and unable to file an application as proven by medical records.
- In the event of a retirement plan change from the Member-Directed Plan, one year has passed from the plan change effective date.
- Members must not be receiving a retirement benefit under any of the OPERS retirement plans.
- Members in age and service retirement transition groups A and B must file an application for disability benefits before age 60.
- Members in age and service retirement transition group C must file an application for disability benefits before age 62.

### Revised Plan – Disability Program Features

#### Eligibility

Members with contributions on deposit after July 29, 1992, participate in the revised disability plan. For members in the law enforcement and public safety divisions of the Traditional Pension Plan who become disabled due to an on-duty illness or injury, disability coverage is available immediately after membership is established.

*Eligibility requirements include:*

- Participation in the Traditional Pension or Combined Plan.
- At least 60 contributing months in the plan in which they are participating.
- Removal from payroll due to a presumably permanent disabling condition, either mental or physical, which prevents members from performing their job.
- No more than two years have passed since contributing service has terminated, unless at the end of the two-year period the member was disabled and unable to file an application as proven by medical records.
- In the event of a retirement plan change from the Member-Directed Plan, one year has passed from the plan change effective date.
- Members must not be receiving a retirement benefit under any of the OPERS retirement plans.
- Members under the revised plan in age and service retirement transition groups A, B and C may file an application for disability benefits at any age.

The revised disability benefit is payable for only a definite period of time, depending on the member's age at the effective date of benefit (see chart below).

AGE AT EFFECTIVE DATE OF DISABILITY	
Younger than 60	Until age 65 for members in age and service retirement transition group A Until age 66 for members in age and service retirement transition group B Until age 67 for members in age and service retirement transition group C
60-61	60 months
62-63	48 months
64-65	36 months
66-68	24 months
69 or older	12 months

When the revised disability benefit ends, members have the opportunity to apply for an age and service retirement benefit under the Traditional Pension Plan or to apply for a refund of their account, which is not reduced by the amount of disability benefits paid.

### **Strategic Plan for Disability Program**

The OPERS Board of Trustees' strategy is to manage a disability program that features a well-balanced triad of elements that include program design, administration and case management.

OPERS continues to see positive trends as it pertains to the early implemented standardization process. Data continues to show marked differences with approval, denial and appeal overturn rates compared to the 2010 program experience.

This strategy continued through 2013 with strategic efforts focused on implementation of legislative changes that took effect Jan. 7, 2013. Much of 2013 was concentrated on the construction and design of a rehabilitative services program. In 2014, OPERS introduced this new program to disability benefit recipients.

The goal of rehabilitative services is to maximize one's employability through clinical and vocational rehabilitative services. The program offers a clinical approach that works to ensure that disability benefit recipients are undergoing appropriate continued medical treatment consistent with professional standards of care. Additionally, the approach maximizes clinical functionality as it pertains to a recipient's disabling condition. The goal is to use programmatic vocational features to provide recipients, as well as local and state employment workforce resources, with appropriate tools which can be used to assist recipients with self-directed efforts in seeking employment in the competitive labor market.

The most recent part of the strategy to be implemented is the changes approved as part of pension legislation. Those changes are designed to modernize the program and focus on maximizing a recipient's employability. Below is a summary of those changes that apply to disability benefit applications received on or after Jan. 7, 2013.

### **Summary of Legislative Changes to OPERS Disability Program**

Senate Bill 343 included changes to the OPERS disability program designed to modernize the program and refocus on a member's capability to return to work. Below is a summary of those changes.

#### **Disability Program Changes**

- Limits disability coverage to illnesses and injuries that occur before a member terminates employment, or illnesses and injuries resulting from the member's employment that become evident up to two years following termination of employment.
- Provides that disability coverage does not extend to illnesses or injuries resulting from elective cosmetic surgery other than reconstructive surgery.
- Rescinds a disability benefit that has been granted, but has not yet commenced, if the recipient returns to work for the same employer in the same position (*or a position with similar duties*) as the one held at the time the disability benefit was granted.
- Maintains the current "own occupation" disability standard for granting or re-evaluating a disability benefit under specified conditions and, for individuals who submit a disability application on or after Jan. 7, 2013, establishes a new "any occupation" standard for re-evaluating whether a member continues to be disabled after a specified period of years. (*Members of the Law Enforcement division of OPERS were exempt from this provision*).
- Provides that, for joint disability benefits with the State Teachers Retirement System (STRS) and School Employees Retirement System (SERS), the retirement system calculating and paying the benefit will conduct the disability examination.
- For individuals who submit a disability application on or after Jan. 7, 2013, reduces the period during which a disability recipient retains his or her membership status and is considered to be on a leave of absence from five years to three years unless the recipient is receiving rehabilitative services acceptable to the OPERS Board.
- Specifies that if a disability recipient returns to contributing service for two years under OPERS, STRS or SERS, the recipient will be entitled to receive a maximum of five years of service credit for the period the recipient was receiving a disability benefit.
- Requires individuals who submit a disability application on or after Jan. 7, 2013, and who are eligible to receive Social Security Disability Insurance (SSDI), to apply for SSDI and, if granted, requires a reduction of the individual's disability benefit if the total of the benefit and the SSDI payment exceeds the individual's inflation-adjusted final average salary. (*Members of the Law Enforcement division of OPERS were exempt from this provision*).
- Causes forfeiture of the right to receive a disability benefit if a court determines that a disability was caused by the commission of a felony.

## SUMMARY OF DISABILITY ACTIVITY

### SUMMARY OF DISABILITY ACTIVITY FOR 2013

Total applications received	1,280
Total applications approved	637
Total applications denied	142
Total applications not eligible	97
Total applications withdrawn	14
Total applications non-compliant with review process	4
Total applications still in process	386

### SUMMARY OF DISABILITY ACTIVITY FOR THE LAST FIVE YEARS (2008-2012)

	2008	2009	2010	2011	2012
Total applications received	1,334	1,407	1,502	1,910	1,462
Total applications approved	1,004	964	969	668	856
Total applications denied	96	104	140	86	97
Total applications still in process	234	339	393	1,156	496

### FIVE YEAR STATISTICAL SUMMARY ( 2008-2012 )

7,615	Total applications received	1,523 per year average
4,461	Total applications approved	average of 59%
523	Total applications denied	average of 7%
2,618	Total applications still in process	average of 34%
	Number of applications approved each year	average of 892
	Number of applications denied each year	average of 105
2011	Greatest number of applications received	1,910
2008	Smallest number of applications received	1,334

### 2013 EMPLOYER AND EMPLOYEE INFORMATION

Total employers for 2013	251
Total employees for all employers listed	201,473
Total employees/recipients for all employers listed	637

**OPERS**  
**Board of Trustees**

The 11-member OPERS Board of Trustees is responsible for the administration and management of OPERS. Seven of the 11 members are elected by the groups that they represent (i.e., college and university non-teaching employees, state, county, municipal, and miscellaneous employees, and retirees); the Director of the Department of Administrative Services for the State of Ohio is a statutory member, and three members are investment experts appointed by the Governor, the Treasurer of State, and jointly by the Speaker of the Ohio House of Representatives and the President of the Ohio Senate.

**For a current listing of OPERS Board members, please visit [www.opers.org](http://www.opers.org)**

---

*It is your responsibility to be certain that OPERS has your current physical and e-mail address on file. If OPERS is not made aware of address changes, we cannot guarantee that you will receive important information pertaining to your OPERS account. This report is written in plain language for use by public employers who are subject to coverage under the Ohio Public Employees Retirement System. It is not intended as a substitute for the federal or state law, namely the Ohio Revised Code, the Ohio Administrative Code, or the Internal Revenue Code, nor will its interpretation prevail should a conflict arise between it and the Ohio Revised Code, Ohio Administrative Code, or Internal Revenue Code. Rules governing the retirement system are subject to change periodically either by statute of the Ohio General Assembly, regulation of the Ohio Public Employees Retirement Board, or regulation of the Internal Revenue Code. If you have questions about this material, please contact our office or seek legal advice from your attorney. OPERS is not required to provide health care coverage to retirees or their dependents and will only do so at the discretion of the Board of Trustees.*

Ohio Public Employees  
Retirement System  
277 East Town Street  
Columbus, OH 43215-4642
