member was a fireman or policeman killed in the line of duty or who died of injuries sustained in the line of duty. The spouse of such a deceased member shall receive this benefit during the spouse's natural life, until such time as either the deceased member would have been eligible, if the member had lived, for the retirement pension provided under section 145.33, division (C)(1) of section 742.37, or division (A)(1) of section 5505.17 of the Revised Code or provided by a retirement system operated by a municipal corporation, or the spouse remarries. Benefits under this division, however, shall continue to be paid to an unmarried child under age twenty-two who is a student in and attending an institution of learning or training pursuant to a program designed to complete in each school year the equivalent of at least two-thirds of the full-time curriculum requirements of such institution, as determined by the pension board.

(E) Acceptance of any death benefit under this section does not prohibit a spouse or child from receiving other benefits provided under the police and firemen's disability and pension fund, the state highway patrol retirement system, the public employees retirement system, or a retirement system operated by a municipal corporation.

(F) No person shall receive a benefit under this section if any of the following occur:
