RETIREMENT BOARD VICE CHAIR CONSTANCE K. RAMSER

EXECUTIVE DIRECTOR DAMON F. ASBURY

- The first page is a statement of planned operating and capital expenditures, including comparisons to the 2005-2006 fiscal year budget.
- The second page is a separate schedule of Retirement Board-related budget items in compliance with Section 3307.041, Revised Code. These anticipated Board expenses are in included in the overall organization operating budget of $\$ 89,977,000$.
- The third page is a three-year historical summary of investment assets and related management costs.
- The fourth page shows statistical information about the number of participants in STRS Ohio and the number of associates providing benefits and services.

The proposed operating budget (including State of Ohio expenses) reflects a 4.7\% increase from the current year's budget. However, it is $7.1 \%$ lower than the peak budget for the 2002-2003 fiscal year. Overall staffing levels have been reduced by more than 100 associates since then; continued significant decreases in such areas as board and staff travel, communications, professional and technical services, and repairs and maintenance have also been experienced.

This proposed budget provides the resources needed to pay timely and accurate benefits, manage investment assets, and maintain current service levels for members and benefit recipients. Additionally, the proposed budget complies with all Retirement Board policies and demonstrates to members that STRS Ohio is managing operating expenses prudently.

We anticipate making a formal presentation to the Ohio Retirement Study Council in May. Please feel free to contact me if you need additional information.
