Dear Ms. Rhodes:

In accordance with Section 3307.041, Revised Code, STRS Ohio is submitting its proposed fiscal 2026 budgets. The attached information is composed of the following:

- Page 1 is a statement of planned operating expenditures, including comparisons to the fiscal 2025 budget.
- Page 2 is a statement of capital expenditures, including comparisons to the fiscal 2025 budget.
- Page 3 is a summary of investment assets and related management costs for fiscal 2024 including comparisons to fiscal 2023.
- Page 4 is a schedule of retirement board-related expenses for the last 10 years and a 10-year trend chart.
- Page 5 is a summary of staff training and travel expenses, including comparisons to the fiscal 2025 budget.
- Page 6 is supplementary statistical information for fiscal years 2020–2024.
- Page 7 is average percent budgeted change information for fiscal years 2022–2026.

The proposed Total Operating Budget for fiscal year 2026 reflects an increase of 9.2% from the current year budget. Within Personnel, 14 positions have been added, up from 490 full-time equivalent associates (FTEs) in fiscal 2025 to 504 FTEs in 2026. The increase in positions is the result of the fiduciary audit, the asset-liability study and succession planning for future retirements. Salary and Wages is increasing 8.8% from the current year budget to align with the recent compensation study and the addition of 14 new positions. Health Insurance is increasing due to higher claims experience.

Within Professional Services, Actuarial reflects increased costs for additional cost analysis and scenarios requested by the board as part of the sustainable benefit plan. Other Consulting includes increases to support recruiting for executive level positions, costs for the interim executive director, a pharmacy benefit management market check, external legal representation and evaluation of a vendor for the death master file. Within Communications Expense, Printing and Postage are decreasing as there is continued emphasis on electronic communication. Member/Employer Education reflects increased costs to provide security at field counseling locations. Other Operating Expenses reflects increased costs for a comprehensive solution for the call center as a service, continuous testing tools for the investment portfolio system, attorney general representation and travel is expected to resume to a more normalized level.

The proposed Total Capital Budget is \$7.6 million in fiscal 2026 compared to \$8.5 million in fiscal 2025. The capital budget provides financial support for major planned initiatives and includes IT computer equipment, capitalized software and qualified subscription costs, building improvements and building maintenance. Planned IT-related expenditures comprise the bulk of the capital budget and includes an investments total fund risk model implementation and pension administration system changes. Most of the significant building improvements have been completed, but planned facility costs include fire system sprinkler heads repair, and replacement HVAC units and garage security cameras.

Overall, the proposed budgets continue to provide the resources required to serve Ohio's public educators, pay timely and accurate benefits, provide quality member services, successfully manage investment assets and ensure we meet all fiduciary responsibilities and legal requirements. Additionally, the proposed budgets comply with all Retirement Board policies and demonstrate to members that STRS Ohio is managing operating and capital expenditures prudently.

These proposed fiscal year 2026 budgets were provided to the Retirement Board this month to review. Please feel free to contact me if you want additional information.

Sincerely,

A handwritten signature in black ink, appearing to read "Aaron Hood". The signature is fluid and cursive, with the first name "Aaron" and last name "Hood" clearly distinguishable.

Aaron Hood
Interim Executive Director

¹Net fiduciary position includes more than investment earnings or losses. This figure includes contributions made by employers and employees, investment earning or losses, and benefit payments, among other expenses or earnings. The figure provides a view of the overall change in fund assets across time.

²Included in internal investment expenses.

*Investment assets are net of real estate debt.

**Brokerage commissions are netted in the transaction costs and investment assets, therefore not reported as separately as expenses in the STRS Ohio *Annual Comprehensive Financial Report*.

Please note: Fiscal 2025 information is not yet available.
