INTRODUCTION AND COMMON FEATURES OF THE ORIGINAL AND REVISED DISABILITY PLANS

Introduction

Ohio PERS members who participate in the Traditional Pension and Combined Plans may be eligible for disability benefits under the original plan or the revised plan. Employees who had contributions on deposit with Ohio PERS prior to July 29, 1992, had a one-time opportunity to select coverage under one of these programs. Those employees hired on or after July 29, 1992, are covered only under the revised plan.

Ohio PERS members who participate in the Member-Directed Plan are not eligible for disability benefits through Ohio PERS. Under the Member-Directed Plan, the vested portion of their individual account would be available through a refund after Ohio PERS-covered employment is terminated.

Common Features of the Original and Revised Disability Plans

All disability cases are subject to approval by the Ohio PERS Board of Trustees. Once approved, the disability benefit is effective on the first of the month following termination of public service or attainment of eligibility, whichever is later.

The disability benefit is payable for life, but will terminate if a member:

- Is no longer disabled
- Returns to public service
- Chooses to begin receiving an age and service retirement benefit
- Upon death
- Requests termination of benefits

If the member received a disability benefit for less than five years, Ohio PERS will certify to the previous employer that he/she is no longer incapable of returning to work. At that time, the employer should restore the member to the previous, or similar, position and salary unless he/she was dismissed or resigned in lieu of dismissal for dishonesty, misfeasance, malfeasance or conviction of a felony.

Members who return to public service and contribute to the Traditional Pension Plan for two years will receive service credit for the period of time a disability benefit was received.

A return to employment with a private employer may result in a re-examination to determine continued eligibility to receive disability benefits.

Health care coverage is effective the first of the month following the Ohio PERS Board's approval of the application, provided public service has terminated.

An annual cost-of-living adjustment will be paid.

A return to employment with a private employer may result in a re-examination to determine continued eligibility to receive disability benefits.

Original Plan – Disability Program Features

Eligibility

To be eligible for benefits under the original disability program, members must have had contributions on deposit prior to July 29, 1992. Eligible members had a one-time opportunity to select coverage under the original plan. For members in the law enforcement division of the Traditional Pension Plan who become disabled due to an on-duty illness or injury, disability coverage is available immediately after membership is established.

Eligibility requirements include:

- Participation in the Traditional Pension or Combined Plan
- At least five years of service credit or 60 contributing months in the plan in which they are participating
- Removal from payroll due to a presumably permanent disabling condition, either mental or physical, which prevents members from performing their job
- No more than two years have passed since contributing service has terminated, unless at the end of the two-year period the member was disabled and unable to file an application as proven by medical records
- In the event of a retirement plan change, one year has passed from the plan change effective date
- Members must not be receiving a retirement benefit under any of the Ohio FERS retirement plans
- Application for disability must be filed before age 60

Revised Plan – Disability Program Features

Eligibility

Members with contributions on deposit after July 29, 1992 participate in the revised disability plan. For members in the law enforcement division of the Traditional Pension Plan who become disabled due to an on-duty illness or injury, disability coverage is available immediately after membership is established.

Eligibility requirements include:

- Participation in the Traditional Pension or Combined Plan
- At least five years of service credit or 60 contributing months in the plan in which they are participating
- Removal from payroll due to a presumably permanent disabling condition, either mental or physical, which prevents members from performing their job
- No more than two years have passed since contributing service has terminated, unless at the end of the two-year period the member was disabled and unable to file an application as proven by medical records
- In the event of a retirement plan change, one year has passed from the plan change effective date
- Members must not be receiving a retirement benefit under any of the Ohio FERS retirement plans
- Application for disability may be filed at any age.

DISABILITY PROGRAM FEATURES

Revised Plan – Disability Program Features *(continued)*

The benefit is payable for only a definite period of time, depending on the member's age at the effective date of benefit (see chart below).

AGE AT EFFECTIVE DATE OF DISABILITY	PERIOD BENEFIT PAYABLE
Younger than 60	until age 65
60-61	60 months
62-63	48 months
64-65	36 months
66-68	24 months
69 or older	12 months

When the disability benefit ends, members have the opportunity to apply for an age and service retirement benefit under the Traditional Pension Plan or to apply for a refund of their account, which is not reduced by the amount of disability benefits paid.

This booklet is written in plain language for use by benefit recipients of the Ohio Public Employees Retirement System. It is not intended as a substitute for the federal or state law, namely the Ohio Revised Code, the Ohio Administrative Code, or the Internal Revenue Code, nor will its interpretation prevail should a conflict arise between it and the Ohio Revised Code, Ohio Administrative Code, or Internal Revenue Code. Rules governing the retirement system are subject to change periodically either by statute of the Ohio General Assembly, regulation of the Ohio Public Employees Retirement Board, or regulation of the Internal Revenue Code. If you have questions about this material, please contact our office or seek legal advice from your attorney.
